

Providing technology intelligence for smart SMEs

# ABOUT LYNCHPIN MEDIA

# Lynchpin

ynchpin Media is an independently owned media communications company, whose main aim is to help organisations reach

and influence decision-makers in Europe, the Middle East, Africa, APAC, North America and LATAM. We have a growing database of over 122.5 million global IT decision-makers.

Our ethos is based around intelligence obtained from targeted campaigns. By

understanding our audience, we are better informed to advise our clients and help forecast market trends. We work with our clients to identify new customers and their requirements.

Based in the United Kingdom, Lynchpin Media is also an international publisher that has a wealth of experience delivering global campaigns on behalf of clients. Our integrated campaigns provide exposure and quality leads that can be nurtured and deliver organisations a genuine return on investment.

# WHAT WE DO

BY UNDERSTANDING OUR AUDIENCE WE ARE BETTER INFORMED TO ADVISE OUR CLIENTS AND HELP FORECAST MARKET TRENDS. Our ethos is based around intelligence obtained from targeted campaigns. By understanding our audience we are better informed to advise our clients and help forecast market trends. We work with our clients to identify new customers and their requirements. In a nutshell, we:

- Create original, thought-leading content
- Engage senior IT and business leaders globally
- Deliver powerful campaigns and targeted leads

# ABOUT INTELLIGENT SME.TECH

ntelligent SME.tech is a technology intelligence platform aimed at the SME sector across EMEA, APAC North America and LATAM.

As digitalisation sweeps across the globe, SMEs have more opportunities than ever to use technology solutions that enable them to scale and deliver positive customer experiences. But this is not without its challenges, as SME business leaders have fewer resources and less available budget than their enterprise counterparts, which means navigating the technology landscape can be difficult. Throw in the added problem of increased cyberthreats and malicious actors, and it can be hard to know where to channel investment. *Intelligent SME.tech* aims to help SMEs, offering unparalleled advice to the SME community and guiding SME business leaders with thought leadership, industry expertise, knowledge sharing and the latest news. With social media supporting all the above, our content is delivered across all platforms and enables industry professionals to discover and read this on their preferred device.

# AUDIENCE BREAKDOWN

MEs are the backbone of economies across the globe. According to The World Bank, they represent about 90% of businesses and more

than 50% of employment worldwide. So, it goes without saying that they're incredibly important. Each country has its own definition of what constitutes a small- and medium-sized enterprise but it is based on revenues, assets or a number of employees below a certain threshold. The World Bank said that formal SMEs contribute up to 40% of national income (GDP) in emerging economies and these numbers are significantly higher when informal SMEs are included.

As Digital Transformation ramps up, it will provide many opportunities for SMEs to grow and innovate. *Intelligent SME.tech* provides the SME community in EMEA, APAC, North America and LATAM with the latest news, thought leadership, industry expertise and knowledge sharing to help companies make informed decisions. Our integrated platforms enable the industry to receive the content they need in a manner that suits them.

It is our unparalleled understanding of this audience which enables *Intelligent SME.tech* to deliver effective campaigns aimed at ensuring maximum return on investment combined with sustained brand awareness across our digital platforms. Strategic partnerships with regional industry bodies, events and research companies enable us to both manage and grow the audience. *Intelligent SME.tech* aims to reach out to the wider team at SMEs, as we understand how important it is to work together to ensure future goals become a reality. *Intelligent SME.tech* provides an integrated platform that reaches this audience.

Create a variety of events, of any size, to promote face-to-face engagement.

### **Intent-based marketing**

Targeted campaigns using client content to generate industry insight and generate targeted leads.

### Account-based marketing

Targeting leads from a specific set of accounts provided by the client.

### **BANT** qualification

Obtain specific information from targeted leads with additional data collection.

### Inside sales and telemarketing support

Help qualify and promote your company solutions through dedicated call staff, targeting your specific market.

DEDICATED REGIONAL MAGAZINES AND WEBSITES OFFER A WEALTH OF ADVERTISING AND AWARENESS OPPORTUNITIES.

# STRATEGIC CONTENT SERVICES

# Our team can help client content stand out from the crowd.

### **Customer case studies**

Customer case studies will feature on the magazine cover across print and digital editions, as well as on our social media channels.

### **Case study licensing**

We create and share our clients' content across our publications before putting it into a format they can use for their own marketing purposes.

### Vendor cover stories

Through our vendor cover stories, clients will be positioning themselves as thought leaders in their field.

### Content creation: print, digital and video

Our content specialists create bespoke packages, which can be shared across our channels and digital platforms, including newsletters.

### **Supplements and e-books**

We can build bespoke packages around individual requirements and promote content across all channels.

### **Virtual interviews**

Our content specialists conduct virtual interviews with clients, which are shared across our range of content platforms.

### Webinars

Entirely dependent on client needs, we can help drive participants to online events or organise and run webinars on their behalf.

### Technology event coverage

We build packages based around individual requirements, including the creation of event micro-sites, newsletters and live blogs.
